

## NORTHERN TRUST INTERMEDIATE TAX-EXEMPT BOND ETF

### INVESTMENT OBJECTIVE

The Northern Trust Intermediate Tax-Exempt ETF seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of the ICE Intermediate Term Focused Municipal Bond Index (Underlying Index).

### INVESTMENT APPROACH

For investor seeing tax-exempt income from a passively managed investment-grade municipal bond ETF with intermediate term maturities (1-15 years).

### INVESTMENT PERFORMANCE% — As of December 31, 2025

- Northern Northern Trust Intermediate Tax-Exempt Bond ETF (Market Price)
- Northern Trust Intermediate Tax-Exempt Bond ETF (NAV Price)
- ICE Intermediate Term Focused Municipal Bond Index (MUMF)

Average Annual Returns		
Market Return	1.88	3.60
NAV Return	1.91	3.40
MUMF	1.18	2.66

*Index performance returns do not reflect any fees, transaction costs, expenses or taxes.*

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted investment returns and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the latest month end is available at [etfs.ntam.northerntrust.com/us/en/individual/funds](http://etfs.ntam.northerntrust.com/us/en/individual/funds).**

**It is not possible to invest directly in an index.**

All Fund performance figures assume reinvestment of dividends and capital gains at net asset value; actual returns may differ. Performance 1-year and less are cumulative; performance over 1-year are average annualized total returns. Market price performance is determined using the closing price on the primary exchange. NAV price performance is determined using the daily calculated NAV. NAV does not represent the returns you would receive from trading Fund shares at market price. Performance figures do not reflect brokerage commissions or taxes that a shareholder would pay on Fund distributions or on the sale of fund shares. The Fund inception date is generally several days prior to when the Fund begins trading.

ICE Intermediate Term Focused Municipal Bond Index tracks the performance of U.S. dollar denominated investment grade tax-exempt debt publicly issued in the U.S. domestic market by U.S. states and territories as well as their political subdivisions. Qualifying securities must be exempt from Federal taxes and must not be subject to alternative minimum tax. In addition, qualifying securities must have at least one day and less than 15 years remaining term to final maturity, a fixed coupon schedule (including step-up or step-down bonds) and an investment grade rating (based on the middle rating of Moody's, S&P and Fitch).

### FUND OVERVIEW

FUND	
Ticker	TAXI
Inception	08/18/2025
CUSIP	665162152
Exchange	NASDAQ
Net Assets	\$51,263,679.40
No. of Holdings	893
Gross Expense Ratio	0.05
Net Expense Ratio	0.05

### FUND CHARACTERISTICS

FUND	
SEC Subsidized Yield	2.92%
SEC Unsubsidized Yield	2.92%
Tax Equivalent Yield	2.25%
Weighted Avg Effective Duration (Years)	4.14
Weighted Avg Option Adjusted Spread	29.56

**30-Day SEC Subsidized Yield** reflects the dividends and interest earned during the period, after the deduction of the fund's expenses. This is also referred to as the "standardized yield."

**30-Day SEC Unsubsidized Yield** does not reflect fee waivers in effect.

**Tax-Equivalent Yield** is the discount rate that equates the present value of a bond's cash flows with its market price, not including the potential for inflation adjustments over the life of the bond. The measure does not include fees and expenses.

## NORTHERN TRUST INTERMEDIATE TAX-EXEMPT BOND ETF

### IMPORTANT INFORMATION

**Weighted Average Effective Duration** is the average expected price decline for the portfolio when interest rates rise by 1%. All else being equal, the longer the maturity of a portfolio, the larger its effective duration.

**Weighted Average Option Adjusted Spread** is the average of the nominal yields of a portfolio of assets, where each asset's yield is weighted by its proportional value in the total investment.

**Before investing, carefully read the fund prospectus and consider the investment objectives, risks, charges and expenses. This and more complete information about the fund is in the prospectus and summary prospectus, copies of which may be obtained by visiting [etfs.ntam.northerntrust.com](http://etfs.ntam.northerntrust.com). Read the prospectus carefully before you invest.**

**Northern Funds Distributors, LLC, distributor. Northern Trust ETFs and Northern Funds Distributors, LLC are not related.**

An investment in a Northern Trust ETF involves investment risks, including possible loss of principal.

Northern Trust Intermediate Tax-Exempt Bond ETF (TAXI) is passively managed and uses a representative sampling strategy to track its underlying index. Use of a representative sampling strategy creates Tracking Risk where the Fund's performance could vary substantially from the performance of the underlying index along with the risk of high portfolio turnover. The Fund is non-diversified meaning the Fund performance may depend on the performance of a small number of issuers because the Fund may invest a large percentage of its assets in securities issued by or representing a small number of issuers.

All data provided by: Northern Trust, J.P. Morgan, Rimes, Morningstar and Refinitiv.

As with any investment, you could lose all or part of your investment in a Northern Trust ETF, and the ETF's performance could trail that of other investments. An ETF is subject to certain risks, including the principal risks noted below, any of which may adversely affect the ETF's net asset value ("NAV"), trading price, yield, total return and ability to meet its investment objective.

For more complete information on the Fund's Principal Risks, please read the prospectus and summary prospectus, including all principal risk information such as: **income, credit, interest, debt-extension, prepayment (or call)**, and other principal risks. Copies of the prospectus and summary prospectus may be obtained by visiting [etfs.ntam.northerntrust.com](http://etfs.ntam.northerntrust.com). Read the prospectus carefully before you invest.

**Municipal Investments Risk** is the risk that the value of a municipal security generally depends on the financial and credit status of the issuer, the possibility of federal tax liability and additional volatility in the municipal securities market. **Authorized Participant Concentration Risk** is the risk that the Fund may be adversely affected because it has a limited number of institutions that act as authorized participants. **Market Trading Risk** is the risk that the Fund faces because its shares are listed on a securities exchange, including the potential lack of an active market for Fund shares, losses from trading in secondary markets, periods of high volatility and disruption in the creation/redemption process of the Fund. **ANY OF THESE FACTORS MAY LEAD TO THE FUND'S SHARES TRADING AT A PREMIUM OR DISCOUNT TO NAV.**
